M.Sc. in Engineering Management from Technical University of Denmark

WORK EXPERIENCE

- TODAY 2019 APR**
- IT Project Management / Air Atlanta Icelandic**
- Air Atlanta is an ACMI operator and provides charter services. To date I have implemented e.g. a performance and fuel efficiency program, crew training system and infrastructure monitoring software. Currently I am working on replacing a HR / Payroll system along with upgrading the finance system. Moreover, I am developing a centralized database using Azure PaaS to consolidate data for reporting and integration purposes.
- TODAY 2019 APR**
- Product Management / CrewApp**
- CrewApp provides air crew members and airlines with a offline capable mobile application to revolutionize the experience of staff members on board an aircraft. I've been working as a product manager and leading a team of developers to take this product to the next level and also secured funding.
- 2019 APR 2015 SEP**
- IT Project Management & BI / WOW air**
- WOW air was a low cost-carrier focusing on transatlantic flights. I was a project manager in IT building an infrastructure for a rapid growing airline operating 20+ aircrafts in its fleet. Projects include e.g. retail on board, fuel efficiency, electronic flight bag, mobile crew app, crew management, operation control center, schedule management, ACARS/TYPEDB etc. Furthermore I spent the last year or so at WOW working in BI, developing a DW, OLAP cubes and supporting Power BI usage.
- 2013 AUG 2011 MAY**
- Marketing and Web Development / Nova**
- Nova is mobile operator where I started my professional career. I was a part of a team to deploy a mobile app, a new company website among other projects. Other tasks included project management, social media marketing, content management etc.
- 2011 APR 2008 JUN**
- Sales and Service Assistant / Nova**
- Nova is a mobile operator where I worked part time with school and full time during summers as a sales and service assistant.
